Next Steps:

Mini-Grant/Project(s) Recommendation for the DDA

The DDA Grant Committee would like to move forward and apply for the Mini Arts Grant. This process includes registering, applying and receive the final approval. We understand that the DDA would need to approve the request to pursue the grant opportunity and move this recommendation to the Village Council for their approval. We understand that the DDA and the Village Council will have the opportunity to review all documents prior to final submission. The deadline for the submission is January 15, 2023, which would provide the funding to bring public art to the Village of Bellaire.
