IX. **Correspondence/Reports:** DPW Supervisor Keiser stated that the cemetery worker was doing a phenomenal job at taking care of the place, and that he has received no complaints, comments or concerns. DPW Supervisor Keiser also stated that a resident came to us last year about possibly taking one of the driveways to the cemetery out and putting stone pillars by the existing driveways. He has not heard anything back on that potential project. Chairperson Schuckel asked if taking out the driveway would hamper funerals. DPW Supervisor Keiser stated that it would not and it would in fact open up a few potential gravesites. Forest Home Township Supervisor Smith stated that he thought it would be a good idea but people with family interred near there may not like it because it is a change.

Forest Home Township Supervisor Smith stated that he has not received any correspondence with helpful criticisms this year, which is unusual. He stated that is probably a compliment.
